# Be a KMP

## Kanban Management Professional

*A new professional designation from Lean Kanban University*

**A Kanban Management Professional (KMP) knows how to make better decisions and streamline internal workflows to improve service delivery, and create greater customer satisfaction.**

KMPs have had specialized training in applying the Kanban Method for better risk management and greater agility.

Kanban uses a probabilistic approach to management.

**A KMP has been trained to think differently and use Kanban to improve management results enterprise-wide.**

### Qualify to be a Kanban Management Professional

A KMP has taken a combination of Lean Kanban University (LKU) certified Kanban training classes:

**Kanban System Design**  
KMP I (2 day class)  
LKU Certified Kanban Class

**Kanban Management Professional**  
KMP II (2 day class)  
LKU Certified Kanban Class
